LIBERTY INTERACTIVE ENTERS INTO AGREEMENT TO ACQUIRE HSN, INC.

Englewood, CO, and St. Petersburg, FL, July 6, 2017 - Liberty Interactive Corporation (“Liberty Interactive”) (Nasdaq: QVCA, QVCB, LVNTA, LVNTB) and HSN, Inc. (“HSNi”) (Nasdaq: HSNi) today announced that they have entered into an agreement whereby Liberty Interactive will acquire the 62% of HSNi it does not already own in an all-stock transaction.

“We are excited to announce the acquisition of HSNi. The addition of HSN will enhance QVC’s position as the leading global video eCommerce retailer. Every year they together produce over 55,000 hours of shoppable video content and have strong positions on multiple linear channels and OTT platforms,” said Greg Maffei, Liberty Interactive President and CEO. “The value of the combined QVC, HSNi and zulily will be further highlighted when later this year QVC Group becomes an asset-backed stock as part of the previously announced split-off of Liberty Ventures.”

“We’re thrilled to welcome the HSNi team to our company. HSNi founded the industry forty years ago and helped it grow with exciting initiatives like Shop By Remote and media integrations with leading content producers. By creating the leader in discovery-based shopping, we will enhance the customer experience, accelerate innovation, leverage our resources and talents to further strengthen our brands, and redeploy savings for innovation and growth,” said Mike George, QVC President and CEO. “As the prominent global video commerce retailer and North America’s third largest mobile and eCommerce retailer, the combined company will be well-positioned to help shape the next generation of retailing.”

“Joining the QVC Group will give us instant access to global consumer markets, a leadership team with deep expertise and a global perspective, and the opportunity to further strengthen our content-based brand portfolios in a changing retail landscape,” said Arthur C. Martinez, HSNi’s Chairman of the Board of Directors. “We have both been innovators in a growing and dynamic retail environment with a unique vision of what shopping should be, and as new technologies continue to change our everyday lives, together we can develop the next generation of shopping for the next generation of consumers.”

Liberty Interactive believes the acquisition of HSNi will provide the following benefits:

- Increase scale, enhancing the competitive position of QVC Group
 - Meaningful synergies through cost reduction and revenue growth opportunities
- Increased development of eCommerce, mobile and OTT platforms

1

- Optimize programming across five US networks
- Cross marketing to better engage existing and potential customers
- Financial optionality due to HSNi’s lower debt leverage

HSNi consists of HSN, a leading interactive multichannel retailer and Cornerstone, which is comprised of leading home and apparel lifestyle brands including Ballard Designs, Frontgate, Garnet Hill, Grandin Road and Improvements. Post-closing, HSNi headquarters will remain in St. Petersburg and will be overseen by Mike George.

Liberty Interactive currently owns 38.2% of HSNi and, under the definitive agreement will acquire the remaining 61.8% stake, making it a wholly-owned subsidiary, attributed to the QVC Group tracking stock. HSNi shareholders will receive fixed consideration of 1.65 shares of Series A QVC Group common stock for every share of HSNi common stock. Based on the Series A QVC Group common stock’s closing price as of July 5, 2017 and the number of HSNi undiluted shares outstanding as of May 1, 2017, this equates to a total enterprise value for HSNi of \$2.6 billion, an equity value of \$2.1 billion, and consideration of \$40.36 per HSNi share, representing a premium of \$9.06 per share or 29% to HSNi shareholders, based on HSNi’s closing price on July 5, 2017.

Liberty Interactive intends to issue 53.4 million shares of QVC Series A common stock to HSNi shareholders. Pro forma, QVC Group total undiluted share count will be 504.3 million, comprised of 474.9 million shares of Series A common stock and 29.4 million shares of Series B common stock, with former HSNi shareholders, excluding Liberty Interactive, to own 10.6% of QVC Group’s undiluted equity and 6.9% of the undiluted voting power, based on the number of shares outstanding as of April 30, 2017. Following the completion of the transaction, Liberty Interactive expects to continue its repurchases of QVC Group common stock.

The acquisition of HSNi is expected to be completed by the fourth quarter of 2017. The completion of the acquisition is subject to certain customary conditions, including (i) the receipt of requisite regulatory approvals, including approval from the Federal Communications Commission and the expiration or termination of the applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act and (ii) approval by a majority of the outstanding voting power of HSNi shareholders. A voting agreement has been obtained from Liberty Interactive to vote its HSNi shares in-favor of the transaction. Approval of the Liberty Interactive stockholders is not required, and is not being sought, for the HSNi acquisition. Upon closing, the Liberty Interactive Board of Directors will be expanded by one to include a director from the HSNi Board of Directors; this director will be selected by Liberty Interactive.

2

The previously announced transaction between Liberty Interactive and General Communication, Inc. (“GCI”) and subsequent split-off of Liberty Ventures is expected to close later in 2017. Simultaneous with that closing, QVC Group, including wholly-owned subsidiaries QVC, Inc., zulily and HSNi (or, if the HSNi acquisition has not yet closed, following such closing), will become an asset-backed stock and Liberty Interactive will be renamed QVC Group, Inc. Neither the GCI acquisition nor the HSNi acquisition is conditioned on the completion of the other, and no assurance can be given as to which of these transactions will be completed first.

Allen & Company is serving as financial advisor and Baker Botts LLP is serving as legal advisor to Liberty Interactive.

Centerview Partners and Goldman Sachs Group, Inc. are serving as financial advisors and Davis Polk & Wardwell LLP is serving as legal advisor to the Special Committee of the Board of Directors of HSNi.

Important Notice: Liberty Interactive (Nasdaq: QVCA, QVCB, LVNTA, LVNTB) President and CEO, Greg Maffei, QVC President, CEO Mike George and HSN, Inc. (Nasdaq: HSNi) Office of the CEO and CFO, Rod Little, will discuss this transaction in a conference call which will begin at 9:00 a.m. (E.D.T.) on July 6, 2017. The call can be accessed by dialing (888) 394-8218 or (323) 701-0225, with participant passcode 1505706 at least 10 minutes prior to the start time. An accompanying presentation will be posted to the Liberty Interactive website prior to the call. The call will also be broadcast live across the Internet and archived on our website. Non-GAAP Financial Measures

This presentation includes the use of adjusted OIBDA, which is a non-GAAP financial measure for QVC Group, together with a reconciliation to that entity's operating income, as determined under GAAP. Liberty Interactive defines adjusted OIBDA as revenue less cost of sales, operating expenses, and selling, general and administrative expenses, excluding all stock based compensation, and excludes from that definition depreciation and amortization that are included in the measurement of operating income pursuant to GAAP.

Liberty Interactive believes adjusted OIBDA is an important indicator of the operational strength and performance of its businesses, including each business' ability to service debt and fund capital expenditures. In addition, this measure allows management to view operating results and perform analytical comparisons and benchmarking between businesses and identify strategies to improve performance. Because adjusted OIBDA is used as a measure of operating performance, Liberty Interactive views operating income as the most directly comparable GAAP measure. Adjusted OIBDA is not meant to replace or supersede operating income or any other GAAP measure, but rather to supplement such GAAP measures in order to present investors with the same information that Liberty Interactive's management considers in assessing the results of operations and performance of its assets. Please see the attached schedule for applicable reconciliation.

This presentation also includes Adjusted EBITDA for HSNi, which is a supplemental measure to GAAP. This measure is amongst the primary metrics by which HSNi evaluates the performance of its businesses, on which internal budgets are based and by which management is compensated. HSNi believes that investors should have access to, and HSNi is obligated to provide, the same set of tools that they use in analyzing results. This non-GAAP measure should be considered in addition to results prepared in accordance with GAAP, but should not be considered a substitute for or superior to GAAP results. HSNi endeavors to compensate for the limitations of the non-GAAP measures presented by providing the comparable GAAP measures with equal or greater prominence and descriptions of the reconciling items, including quantifying such items, to derive the non-GAAP measures. HSNi encourages investors to examine the reconciling adjustments between the GAAP and non-GAAP measures contained in this presentation.

Adjusted EBITDA is defined as operating income excluding, if applicable: (1) non-cash charges including: (a) stock-based compensation expense, (b) amortization of intangibles, (c) depreciation and gains and losses on asset dispositions, and (d) goodwill, long-lived asset and intangible asset impairments; (2) pro forma adjustments for significant acquisitions; and (3) other significant items. Significant items, while periodically affecting results, may vary significantly from period to period and have a disproportionate effect in a given period, thereby affecting the comparability of results. Adjusted EBITDA is not a measure determined in accordance with GAAP, and should not be considered a substitute for operating income, net income or any other measure determined in accordance with GAAP. Adjusted EBITDA is used as a measurement of operating efficiency and overall financial performance and HSNi believes it to be a helpful measure for those evaluating companies in the retail and media industries. Adjusted EBITDA should not be considered in isolation or as a substitute for measures of performance prepared in accordance with GAAP. Adjusted EBITDA has certain limitations in that it does not take into account the impact to HSNi's statement of operations of certain expenses, gains and losses that are excluded from the company's definition of Adjusted EBITDA.
